Hobbs, New Mexico

Personal Protective Equipment

Taking the proper precautions in high-level noise areas today can prevent hearing loss tomorrow.

Hearing Protection

J. D. Matlock
Mechanical Technician
Nairn, Louisiana

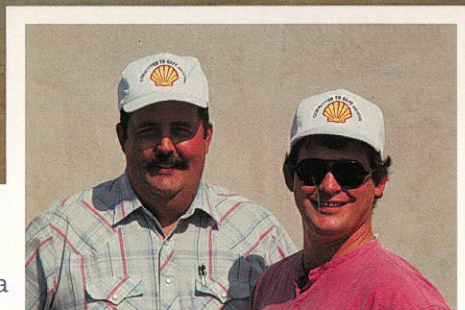

Driving conditions vary from location to location, season to season. Benefits of safe driving never change.

Driving Safety

(L) **Richard Matson**
Meter Measurement Technician
Long Beach, California

(R) **Allen Bohnenkamp**
Corrosion Technician
Long Beach, California

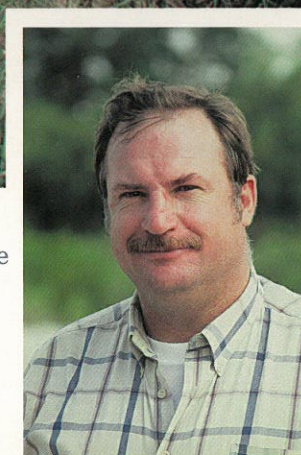

Being prepared to respond quickly and safely to pipeline releases is a sure way to protect our environment.

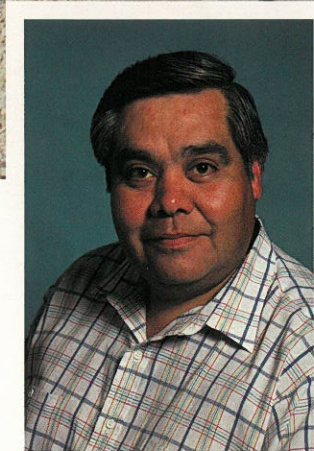

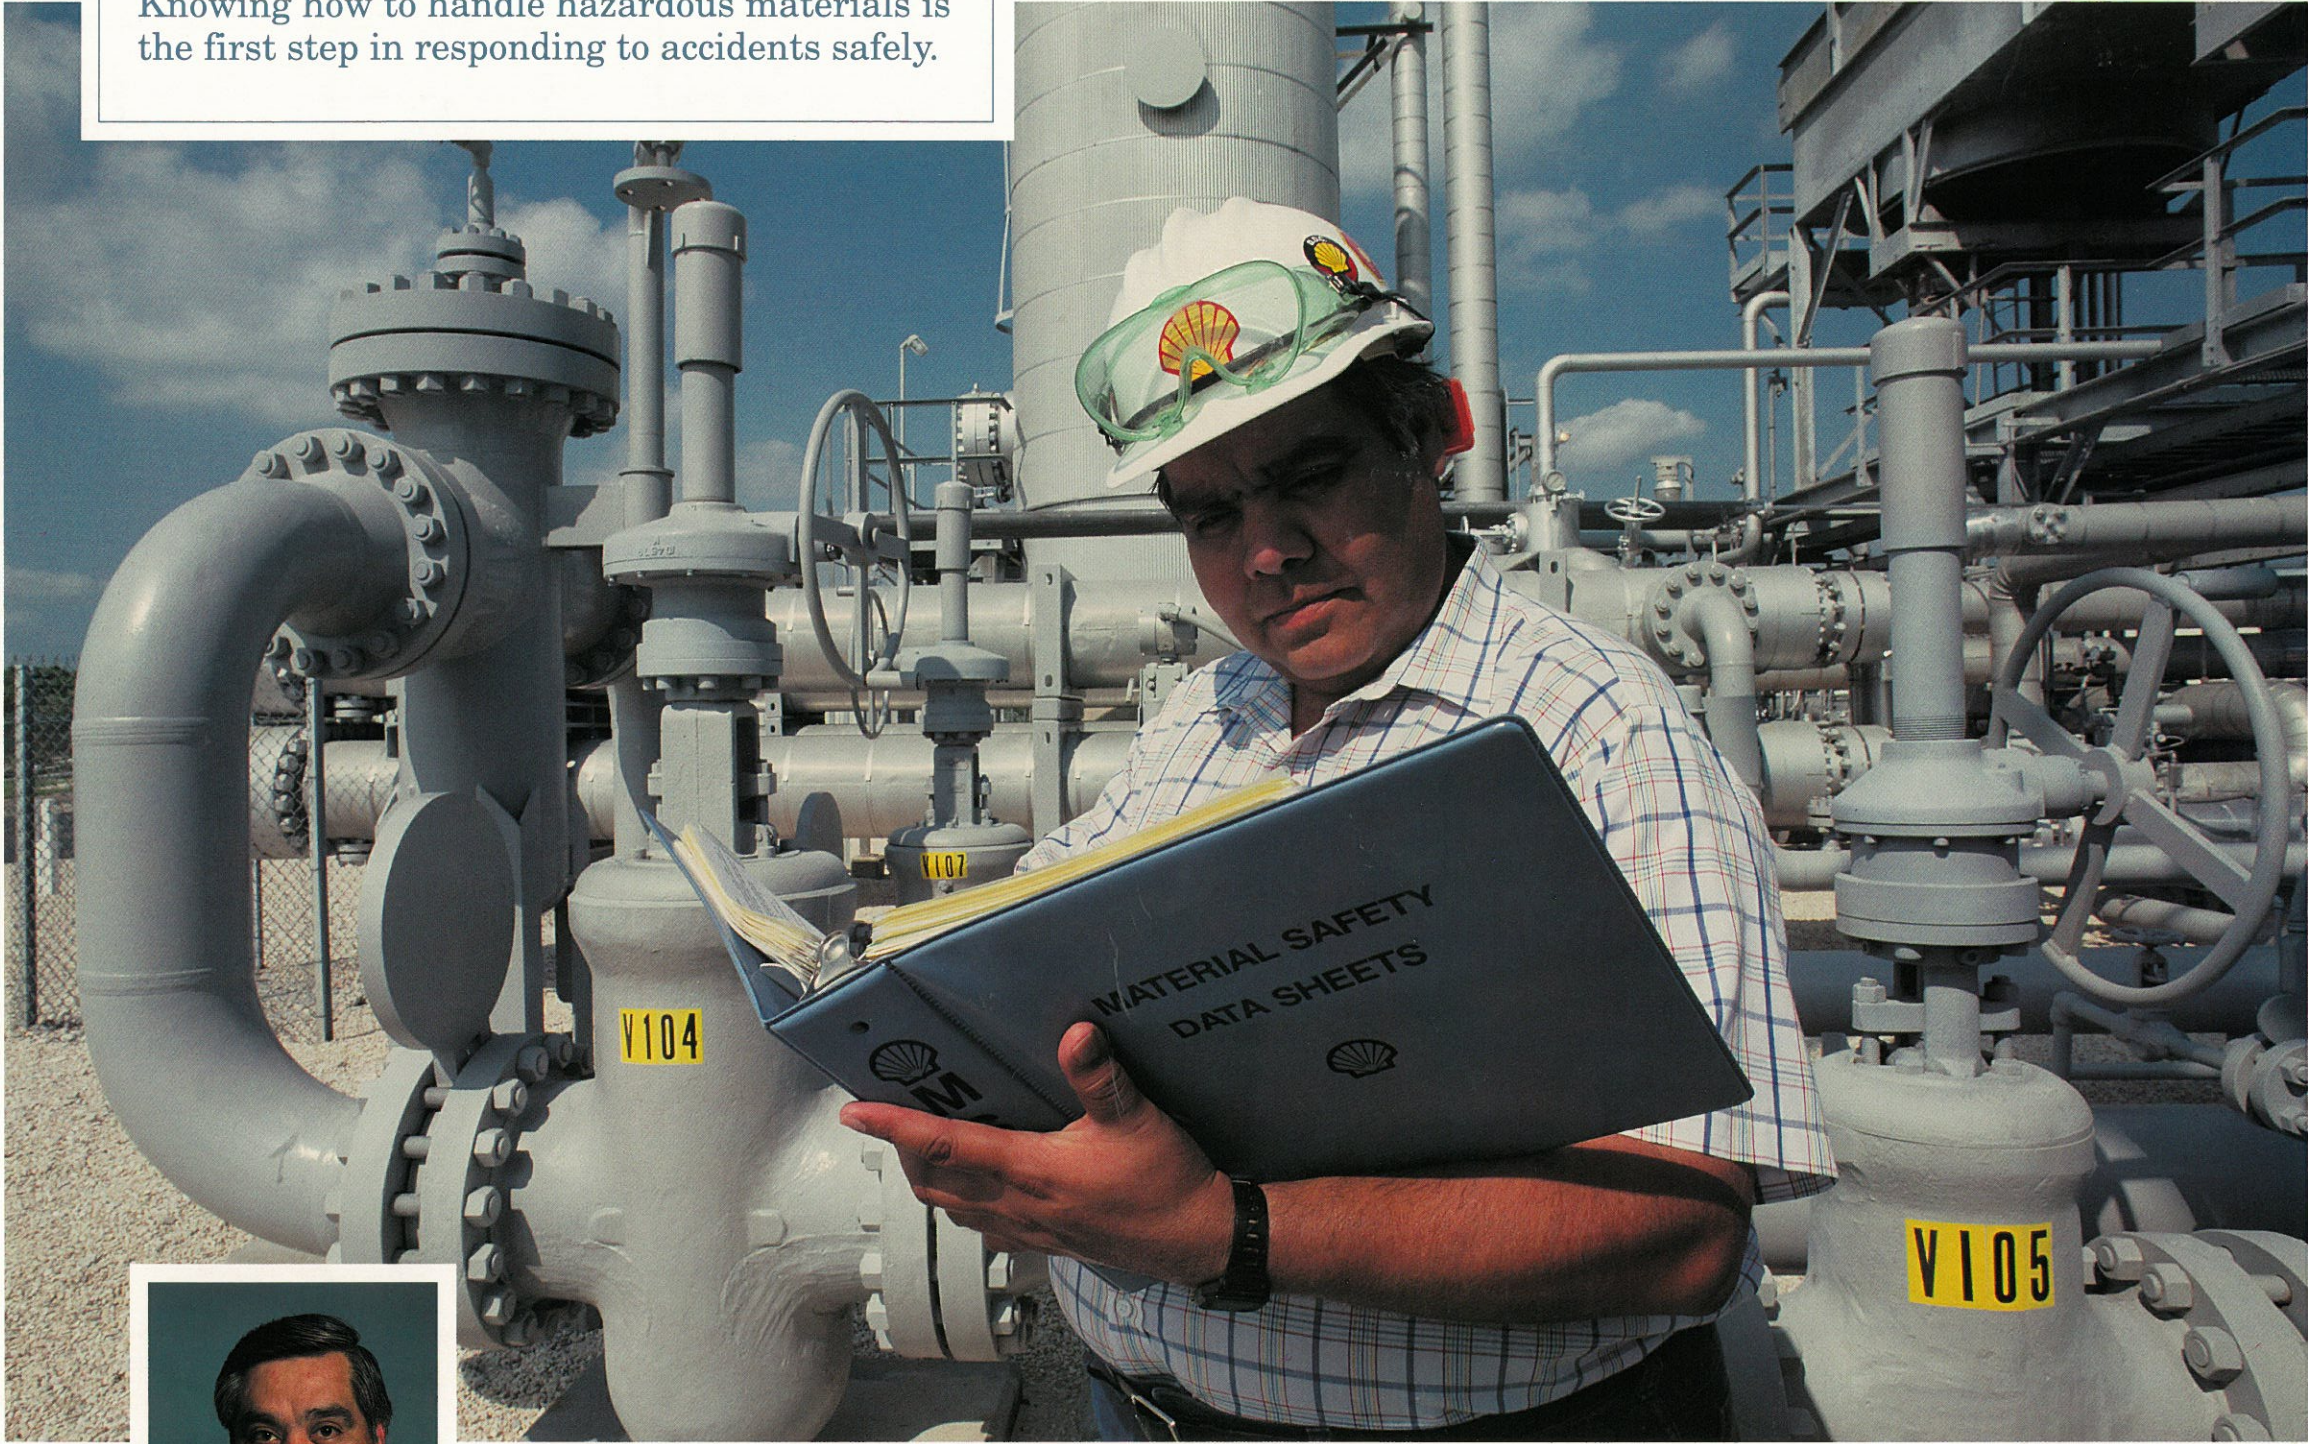

Emergency Response

Greg Kaul
HS&E Representative
Midland, Texas

Knowing how to handle hazardous materials is the first step in responding to accidents safely.

Frank Hipolito
Operator
Mt. Belvieu, Texas

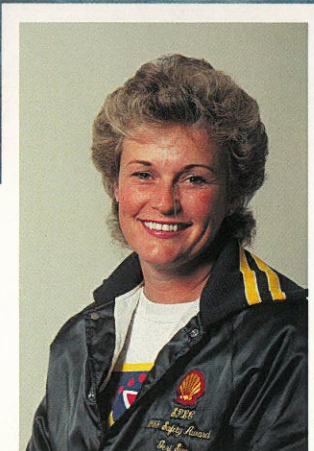

Haz-Com

Backing into a parking space may take more time, but it is time well spent if it prevents an accident.

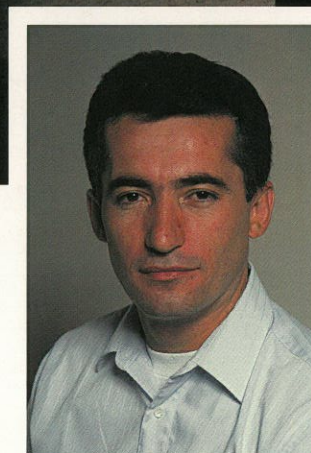

Safe Backing

Geri Sue Green
Pipeline Operator
Kalkaska, Michigan

Getting together regularly to talk about safety is one of the best ways to stay informed and aware.

Jess Meza
Operating Assistant
Bakersfield, California

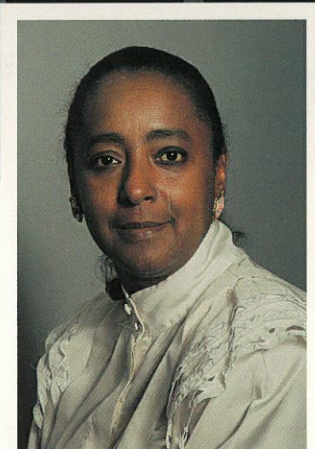

Safety Meetings

Accidents can happen anywhere. Awareness
and prevention are ways to deal with them.

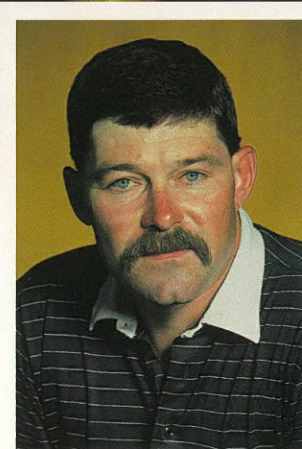

Office Safety

Barbara Griffin
Pipeline Analyst
Houston, Texas

Knowing the safe way of using tools can make them work for you, not against you.

Gary McMillan
Pipeliner
Kermit, Texas

Tool Safety

Using your head instead of your back can help work go smoothly and safely.

Safe Lifting

Willard Patterson
Pipeler
Cushing, Oklahoma
